HOME ADDITIONS

Climatek® delivers outstanding insulation power and strength in a roofing panel

The Climatek® range delivers outstanding insulation qualities and is suitable for patios, awnings, pergolas, carports, home extensions and most roofing applications. So call Spanline today and ask about our Climatek® insulated roofing and wall panel range.

## Benefits of Spanline's Climatek®

### Reduces Heat

The utilisation of a polystyrene core provides efficient, long-lasting insulation.

### Lessens Noise

The solid polystyrene core helps to reduce noise from rain and hail.

### Saves Money

The simple, quick, modular design reduces the time to build and in turn, the cost of the job.

### Simple Construction

No rafters and battens required.

### Design Versatility

Designs are not restricted to flat, rectangular projects.

### Guaranteed

Climatek® roofing panel up to 10 year warranty.\*  
Climatek® wall panel 12 month warranty\*

### Low Maintenance

COLORBOND® steel gives a long-lasting, easy-to-clean finish.

### Strong & Durable

Two layers of steel laminated to the solid polystyrene core provides strength and durability.

\*Conditions apply, refer to Safe Guard Warranty Booklet
